A FEW REASONS

*WHY IT WILL PAY YOU TO GET
YOUR TREES OF US.*

First. We grow our own trees.

Second. Our trees are left in Nursery until digging time in the Spring and not packed away in cellars to half die before they are shipped.

Third. We pack with the utmost care the roots in moss and bodies are covered with long hay or straw so they cannot get dried out or broken.

Fourth. We ship everything direct to the planter.

Fifth. We pay the freight where the order amounts to \$10.00.

Sixth. We employ no agents, have no commissions to pay, so make our prices *low*.

Seventh. We don't ask you for the money until you get the trees.

Send your order in early and get some of our high grade stock at about one-half what you would pay an agent.
